Class 7 have LOVED their space theme. The writing below is written completely independently by the children. We are so impressed as they are beginning to write narrative pieces...

Oliver's space story

Jenna's space story

Oliver's space story

Dear parent,

This week children in class 8 were very excited as they visited Blue Reef Aquarium in South Tyneside as part of their current learning theme. Mrs Dunbar told us that they were extremely well behaved and this was commented on by other visitors during the time they spent there.

At last, Ouston Primary School in Chester Le Street have joined us in Jigsaw Learning Trust. This has been incredibly difficult to achieve for many different reasons. The 1st February was their official opening as an academy. I was very privileged to observe some fantastic key stage 2 teaching at Ouston last week and observe children doing so well.

Parents are reminded that parent meetings happen the second week back after half term. Teaching staff in year 1 and year 2 are working incredibly hard to write the children's mid year reports. My thanks go to them all.

Mrs Bell has begun her maternity leave a little earlier than planned. She is doing well and hoping to be able to pop in and see the children before she delivers her baby. We know they will love to see her. Mrs Green will be leading the nursery until Mrs Bell returns. She has been very well briefed and will be with us after half term. Thank you to all parents for their support. We will certainly let you know when there is an announcement to make.

Best wishes
Wendy Angus

Class 8 visit Blue Reef Aquarium

On Thursday this week, Mrs Dunbar, Mrs Brewerton and all of class 8 visited the aquarium at South Shields. They travelled by bus and the children tell me they really enjoyed the day. They even saw a 'monkey' which surprised them at an aquarium visit!

They returned to school armed with 'spotter guides' and
