FULWELL INFANT SCHOOL ACADEMY

PUPIL PREMIUM FORECAST
2018-2019

Fulwell Infant School Academy– where opportunities for all is a priority.

SUMMARY OF FORECAST

"The Government believes that the Pupil Premium, which is additional to main school funding, is the best way to address the current underlying inequalities between children eligible for free school meals (FSM) and their wealthier peers by ensuring that funding to tackle disadvantage reaches the pupils who need it most."

Fulwell Infant School believes in providing the best possible education for children from all backgrounds and with all abilities. We are proud of our fully inclusive approach, offering a wide range of activities and resources for all of our pupils. For our PP group of children, barriers include financial constraints in enabling children to access enrichment activities, visits out of school and after school clubs. In some cases, children have learning difficulties requiring support from staff.

All of our children are able to access a wide selection of activities and resources including learning outside the classroom, educational visits, one to one support, and a range of clubs. We wish to develop our children's pride and confidence, and allow them every opportunity to do this.

Our allocation of pupil premium is very small indeed. However, it has allowed us to subsidise particular areas in and out of school allowing our more disadvantaged children to extend their learning, and letting us reach children who would otherwise struggle with their learning, in new and innovative ways. It enables us to support the children within curriculum time if there is a specific learning difficulty.

We provide a wide range of enrichment activities each week, both within the school day and after school, which complement the learning of our children. Activities range from violin and recorder tuition to football, computer club, art club, cookery, bakery and drama.

Although the pupil premium allows us to support our more disadvantaged children, it also allows us to enrich our provision across school. The pupil premium allows all children the opportunity to access all activities, and we are proud of their achievements.

We are able to plan whole school priorities, safe in the knowledge that we can support all children in making progress, through providing a fully inclusive, safe and fun place to be – accessible to everyone.

Our PP strategy is reviewed annually and this report produced each November.

Pupil premium allocations

2018-19 financial year @ £23 760 (allocated on 18 pupils in October 2018)

We expect the spend from PP money to provide learning support for these children, after school clubs, trips, visits and music tuition.

We expect academic progress to be accelerated in order that the gap between PP children and the non PP children is narrowed as barriers to learning are overcome.

Wendy Angus November 2018
